# PADEL MONACO

Dear Members of the USPE,

The ASSP Monaco is pleased to officially announce the organization of the **1st USPE PADEL CUP**, an event that represents a new momentum and a significant added value for **European Police Sport**.

**Padel** has been a rapidly growing **sport in Europe** for more than twenty-five years. Over the past five years in particular, the number of padel facilities has increased considerably across our respective countries, reflecting the strong and sustained development of this discipline.

This project is led by our Padel Manager, **Brigadier Chief Cédric PERRIN**, who is responsible for the discipline and has extensive experience in organizing padel competitions. In fact, ASSP Monaco was the first organization to host international European police padel tournaments (non-official) in 2017 and 2018.

We sincerely hope that this experience, combined with the exceptional setting of the Principality of Monaco, will meet the expectations of the USPE and all participating countries.

We confirm this event **with 12 national teams**, including the participation of a team from Monaco.

Bastien ISAIA  
Monaco Police Sport President

**PADEL POLICE  
MONACO SINCE 2017**

ASSP Monaco
